WHEN THROUGH TALKING GIVE ONE SHARP RING OF THE BELL  
FOR DISCONNECTION

# SPECIAL NOTICE.

This telephone may now be connected through its exchange with the office of the American Telephone & Telegraph Co., known as the "Long-Distance" office, through which connection may be had with the telephone exchanges in Boston, Providence, Springfield, Hartford, New Haven, Philadelphia and other points in New England, New York, New Jersey and Pennsylvania.

By means of superior lines operated in metallic circuit, the most perfect results are obtained in "Long-distance" telephoning.

The following are the message rates from New York, or Brooklyn, each message entitling the sender to five minutes' conversation:—

	DAY.	NIGHT.	DAY.	NIGHT.
Albany, N. Y.....	\$1 50	\$ .75	New Haven, Conn....	\$ .75
Ansonia, Conn.....	.60	.50	New London, ".....	1 25
Boston, Mass.....	2 00	1 00	Norwalk, ".....	.50
Bridgeport, Conn.....	.60	.50	Philadelphia, Pa.....	1 00
Camden, N. J.....	1 00	.50	Poughkeepsie, N. Y ..	.75
Chicopee, Mass.....	1 25	.75	Providence, R. I.....	1 75
Danbury, Conn.....	.60	.50	Saratoga, N. Y.....	2 00
Hartford, ".....	1 00	.50	Springfield, Mass.....	1 25
Holyoke, Mass.....	1 25	.75	Stamford, Conn.....	.50

Meriden, Conn.....	.90	.50	Waterbury, Conn....	.75
New Britain, ".....	.90	.50	Worcester, Mass.....	1 75

Inquire of the chief operator at the local exchange for rates to other points.

Rates for private wire, special or commuted service, and lists of the subscribers to the Telephone Exchanges at connected points, will be furnished on application to N. Y. & N. J. Telephone Company, 16 Smith Street, Brooklyn, N. Y., or

AMERICAN TELEPHONE & TELEGRAPH CO.,

18 CORTLANDT STREET.

Telephone Call, "Long-Distance Office."

# SPECIAL NOTICE.

## FOR ALL BROOKLYN CENTRAL SUBSCRIBERS.

ETAT

Instead of hanging up the telephone after the operator repeats back the number asked for, Subscribers into Brooklyn Central will remain at the telephone until they hear the person asked for, or the operator's report.

---

## SPECIAL NOTICE.

Under a running heading on each page will be found the subscriber's name, the name of the Central Office with which his wire connects, and the subscriber's number. Subscribers are particularly requested, in calling for connections, to announce, first, their own central office and number, then the central office and number of the subscriber with whom they wish to be connected.

All complaints in relation to service should be made *by wire* to the Office Manager or Chief Operator, or *by mail* to the General Manager, 16 Smith street.

Changing wires necessitates changes in subscriber's numbers, and they should be carefully noted in each edition.

Subscribers will be known to our operators only by central office name and subscriber's number, and **not by subscriber's name**.

**The use of your telephone by others is an injury to you as well as to all regular subscribers, and is prohibited by contract.**

**Subscribers are requested to notify the Company, in writing, of any errors there may be in this List.**

---

## TO CALL\* ‡

Turn the crank briskly; unhook the listening telephone (receiver) and put it close to your ear, when Central Office will inquire: "What number?" Give Central Office your number and number of person wanted; when the operator repeats back the number hang up the receiver and wait till your bell rings, then place the receiver to your ear and address person called. If you do not immediately hear his voice, the delay—except in rare cases—is owing to his failure to promptly answer the call. Therefore, hang up the receiver and ring again, then put the receiver to your ear. Speak in a moderate, clear tone, with the mouth three or four inches from transmitter. Loud speaking jars the mechanism of the instrument and produces a confused sound. When through do not fail to hang up the receiver, and call off, pressing the button and turning crank briskly. If you wish to call for a subscriber before disconnection is made, hang up your receiver, press in button, and turn the crank as before; then immediately place receiver to your ear and Central Office will answer.

If subscribers will respond quickly when their bells are rung the service will be much improved.

\*In some bells a button is used. Press the button and turn the crank simultaneously.

 Do not fail to ring off when through talking.

‡ See Special Notice to all Brooklyn Central Subscribers at the top of this page.

## SPECIAL NOTICE.

---

All requests made by telephone to have instruments removed, or their location changed, must be followed by an order in writing, to prevent confusion and mistakes. All communications referring to the business of the Company, such as removal, reports of line and instrument troubles, and inattention, should be addressed to "General Manager, New York and New Jersey Telephone Company, 16 Smith Street, Brooklyn, N. Y."

---

We cannot too earnestly impress upon our subscribers the importance of co-operating with us to improve the Telephone service. To this end we ask that you promptly notify the Company, in writing, of any interruption to your line or instruments.

---

Be particular to designate the Exchange in giving your order, in accordance with the name preceding the desired number.

ALEXANDER CAMERON, Vice-President.

# TELEGRAMS BY TELEPHONE.

---

The exchanges are now connected with the offices of the Western Union Telegraph Company, and arrangements have been completed whereby exchange subscribers and customers can, under the **FOLLOWING CONDITIONS**, send Telegrams to any point in the United States, Canada, etc., reached by the line of the Western Union Telegraph Company and its connecting companies, by telephoning their messages over the exchange wires to an expert operator located at the telegraph office. No charge will be made to exchange subscribers for the service other than the regular telegraph tolls.

Exchange subscribers who desire to avail themselves of this facility must make **SPECIAL ARRANGEMENTS** with the telegraph manager to open accounts with them.

Any failure to pay such accounts, when due, will necessitate the immediate withdrawal of the telegraph privilege.

All messages to be sent must be written out carefully before calling the office, and the number of words given the operator immediately after the name of the sender; and the subscriber, by sending messages, makes and constitutes the operator at the telegraph office his agent without pay and without liability, to write upon the ordinary message-blanks of the telegraph company all messages to be sent, to send them at the rates for unrepeated messages, to receive and receipt for all messages received for him, and to sign his name to the contracts limiting the liability of such telegraph company set forth on such blanks, and assumes all risks of error or mistake in the reception, repetition, delivery, non-delivery or mis-delivery of such messages.

Every precaution will be taken to avoid error, the operator being instructed to repeat all messages back to the sender.

The operator is instructed to receive and forward telegrams only for account of such subscribers as conform to these conditions.

Non-subscribers can only send messages, PREPAID, at the public offices of the telegraph company, and written upon the blanks specially provided for that purpose.

**DO NOT NEGLECT THE ORDINARY METHODS.**

---

## **TO GIVE AN ALARM OF FIRE**

Call the Central Office ; when you hear the Operator's voice, say "Fire," in a moderate tone. The operator will give this call precedence over all other business. Keep the Telephone at the ear and answer all questions plainly and briefly : give your name and location, also location and extent of the fire ; some one accustomed to the use of the instruments should always give the alarm. The operator will at once notify the Department of Fire. The importance and value of the Telephone as an auxiliary to the Fire Alarm Telegraph cannot be over-estimated, and subscribers should not fail to avail themselves of it.

---

## **POLICE CALL.**

We are in direct communication with Police Headquarters. In case of any disturbance or accident, call for Brooklyn 72 (Police Headquarters), using the same precautions as in giving an alarm of fire.

It is hoped that subscribers will avail themselves of all these conveniences for protecting themselves and increasing the efficiency of the Fire and Police force.

While outsiders are prohibited by the terms of the contract from using subscribers' telephones, the Company waive this restriction for the benefit of the City Officials.

The Manager of Central or the Chief Operator will listen to any complaint you may have about your service. The operator's duty is to receive calls only.

---

Articulate and enunciate your words carefully. Shouting does little or no good.

---

*If you call so indistinctly as to cause the operator to ring up the wrong number, you are annoyed, and you annoy others.*

## LONG DISTANCE TELEPHONE.

Metallic Circuit Connections. Ask "Central" for "Long Distance Office."

## PAY-STATION NOTICE.

Subscribers will please direct all Non-Subscribers, or transient users of the telephone, to the Central Office—Main street.

---

Send us the name of persons you wish to communicate with who are not connected.

---

During conversation, face squarely the front of the transmitter, with the lips about two inches from the opening; many subscribers are negligent about this, and get unsatisfactory service. Try it, and see what an improvement it makes.

During conversation, face squarely the front of the Transmitter, with the lips about two inches from the opening.

Two seconds given to make your call distinct will save you as many minutes, and much vexation.

## PAY STATIONS.

For the convenience of transient customers, and to prevent intrusion on subscribers for the telephone service, we are establishing pay stations at convenient points, to which all transient customers should be directed. Those now open are as follows :

SUBSCRIBER'S NAME.	NUMBER.	ADDRESS.
Berry Adam.....	New Brighton 100a...	New Brighton
Cohen John.....	New Brighton 61b...	Tompkinsville
Post Office.....	New Brighton 102a...	Mariners' Harbor
Richmond, Staten Island .....	New Brighton 49c...	Richmond, Staten Island

The use of subscribers' telephones by transient customers is a violation of contract and a detriment to business.

Pay stations will be opened in convenient localities.

When Messengers are wanted,

Call Telephone No. 36.

Newark District Telegraph Co

During conversation face squarely the front of the Transmitter, with the lips about two inches from the opening.

Two seconds given to make your call distinct will save you as many minutes, and much vexation.

# TELEGRAMS BY TELEPHONE.

The exchanges are now connected with the offices of the Western Union Telegraph Company and arrangements have been completed whereby exchange subscribers and customers can, under the **FOLLOWING CONDITIONS**, send Telegrams to any point in the United States, Canada, etc., reached by the lines of the Western Union Telegraph Company and its connecting companies, by telephoning their messages over the exchange wires to an expert operator located at the telegraph office. No charge will be made to exchange subscribers for the service other than the regular telegraph tolls.

Exchange subscribers who desire to avail themselves of this facility must make **SPECIAL ARRANGEMENTS** with the telegraph manager to open accounts with them.

Any failure to pay such accounts, when due, will necessitate the immediate withdrawal of the telegraph privilege.

All messages to be sent must be written out carefully before calling the office, and the number of words given the operator immediately after the name of the sender; and the subscriber, by sending messages, makes and constitutes the operator at the telegraph office his agent without pay and without liability, to write upon the ordinary message-blanks of the telegraph company all messages to be sent, to send them at the rates for unpeated messages, to receive and receipt for all messages received for him, and to sign his name to the contracts limiting the liability of such telegraph company set forth on such blanks, and assumes all risks of error or mistake in the reception, repetition, delivery, non-delivery or mis-delivery of such messages.

Every precaution will be taken to avoid error, the operator being instructed to repeat all messages back to the sender.

The operator is instructed to receive and forward telegrams only for account of such subscribers as conform to these conditions.

Non-subscribers can only send messages, PREPAID, at the public offices of the telegraph company, and written upon the blanks specially provided for this purpose.

## NOTICE.

Telegrams for delivery in any part of the city below 135th Street, Harlem, are received at this Company's Exchanges and at the station in the County Court House.

### ALL MESSAGES MUST BE PREPAID.

RATES : 25c. for 20 words and 1c. for each additional word, for delivery within half a mile of any Exchange ; 20c. additional *per message* for delivery beyond the half-mile limit.

### LOCATION OF EXCHANGES.

67 EXCHANGE PL.	33 MURRAY ST.	672 SIXTH AVE.
182 BROADWAY.	92 SPRING ST.	132 E. 125th ST., HARLEM

COUNTY COURT HOUSE (Station).

SUBSCRIBERS can arrange to send telegraph messages to non-subscribers in this city by calling at the office of the Vice President. All such messages may be sent by telephone to the Chief Operator of the Exchange with which the subscriber's wire connects, who will receive and forward the telegram.

## THE METROPOLITAN TELEPHONE AND TELEGRAPH COMPANY.

### CITY MESSAGES TAKEN BY THIS COMPANY SUBJECT TO THE FOLLOWING TERMS:

It is agreed by and between the sender of the following message and said Company that said Company shall not be liable for errors, mistakes, or delays in transmitting, receiving, delivering, or forwarding the same, nor for non-delivery, however occurring, beyond the amount of charges paid hereon, nor unless the claim therefor be presented in writing within 30 days after sending the message.

TELEGRAPH MESSAGES received and delivered from this Company's exchanges to any part of the city below 135th street.

List of PUBLIC TELEPHONE PAY STATIONS appears on last page of cover. The use of a private telephone by others is a violation of contract and a positive disadvantage to the subscriber who may be called for while line is in use, and subscribers should direct transient users to the most convenient pay station.

List of PUBLIC TELEPHONE PAY STATIONS appears on last page of cover. The use of a private telephone by others is a violation of contract and a positive disadvantage to the subscriber who may be called for while line is in use, and subscribers should direct transient users to the most convenient pay station.

 SPECIAL NOTICE.—Your attention is called to changes in **TOLL RATES**

List of PUBLIC TELEPHONE PAY STATIONS appears on last page of cover. The use of a private telephone by others is a violation of contract and a positive disadvantage to the subscriber who may be called for while line is in use, and subscribers should direct transient users to the most convenient pay station.

TELEGRAPH MESSAGES received and delivered from this Company's exchanges to any part of the city below 135th street.

List of PUBLIC TELEPHONE PAY STATIONS appears on last page of cover. The use of a private telephone by others is a violation of contract and a positive disadvantage to the subscriber who may be called for while line is in use, and subscribers should direct transient users to the most convenient pay station.

List of PUBLIC TELEPHONE PAY STATIONS appears on last page of cover. The use of a private telephone by others is a violation of contract and a positive disadvantage to the subscriber who may be called for while line is in use, and subscribers should direct transient users to the most convenient pay station.

List of PUBLIC TELEPHONE PAY STATIONS appears on last page of cover. The use of a private telephone by others is a violation of contract and a positive disadvantage to the subscriber who may be called for while line is in use, and subscribers should direct transient users to the most convenient pay station.

List of PUBLIC TELEPHONE PAY STATIONS appears on last page of cover. The use of a private telephone by others is a violation of contract and a positive disadvantage to the subscriber who may be called for while line is in use, and subscribers should direct transient users to the most convenient pay station.
